Home, Sunday afternoon;

My dear ones all,

(Including Bridget)

I suppose that the weather
is calm over there.

We have had a beautiful
storm - & today the weather
is beautiful - only leaves some
of the - no water. Some father
& company, including Mr.
Thompson attended the art
show in Detroit, & had a
fine time. There are a great
many sick around here -

Harley Burns has hepatitis.

Do you think Gertrude to
her school now - I am glad

that you can help Dora
with the house work.

I am enjoying this winter
with Mr. & Mrs. Humphrey, &
enjoy it much. On Sundays
I go to the hotel to dinner
& take my company there.

This is the first "let up"
I have from house keeping since
I left boarding school in
1864. The picture of yourself
& Buddy is before me.

I hope that he will return to
the U. S. (which stands for
both the United States & us)
when you do.

How nice you Uncle Herbert
& Aunt Dora are - good bye
dear love - don't get homesick -
your loving Grandmother.
